Re: FOIA Request – ETI H2O and PURE Bioscience, Inc.

Dear Sir/Madam:

Pursuant to the Freedom of Information Act, I am requesting production of all documents pertaining to each of ETI H2O's applications and related amendments to register its "Axen" and/or "Axenohl" silver dihydrogen citrate products as a disinfectant, fungicidal, virucidal or anti-microbial for:

1. hard non-porous surfaces;
2. porous surfaces;
3. food contact surfaces;
4. use on one's person or body; and/or
5. for any other purpose.

At least one application has evolved into EPA Registration No. 72977-3, for a silver dihydrogen citrate antimicrobial product known as "Axen30". There may be additional applications, including applications to register a product known as "Axen50" and a product known as "Axenohl".

You are authorized to incur expenses up to \$100. Please contact me if the expense for complying with this request will exceed \$100 or if you have any questions. Thank you for your attention to this matter.

Very truly yours,
